

WHAT IT IS

Solo Sojourns are exclusive cruises for Solo Sailors like you. Comfortable in your own skin, you enjoy unencumbered travel, good food, and exploring new destinations. You like learning about different cultures, and meeting like-minded active travelers. No couples, no children, no one to please or keep up with but yourself! Travelling on your own terms is liberating and fun, especially when sailing with ISLAND Windjammers!

WHAT IT'S NOT

Our smaller capacities ensure that you won't get lost in the crowd. In fact, there's a good chance you and your shipmates will be on a first name basis by the time you toast the first sunset. This is not a "singles cruise." You won't be subjected to silly match making games, forced mixers, speed dating or cha-cha lessons. We leave that to the singles clubs.

WHAT'S INCLUDED

Rates include all onboard meals and snacks, beverages (water, juice, soda, beer, wine, and rum punch), port charges and taxes, and complimentary use of snorkel gear for the week. Solo Sailors have the option of paying the published cruise rate and being paired with a same sex cabin mate, or you may book a private cabin for a premium.

These cruises are simply for those who enjoy great company while traveling solo.
